Statement of Beliefs

Kanawha Creation Science Group

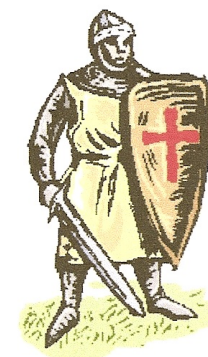

1. The universe and everything in it was created by God rather than by spontaneous generation and development from one kind into another. (Genesis 1:1)

2. All creation was accomplished in six consecutive literal days - not over millions of years and the earth is thousands (not millions) of years old. (Genesis 1:4)

3. A world-wide, historical flood, caused by **God**, occurred at the time of Noah. (Genesis 7:19-21)

4. The Bible is the inerrant, revealed Word of God to man and is accurate in all areas, including geographical, numerical and scientific. (II Timothy 3:16)

5. Salvation, made necessary by the fall of Adam, comes only through Christ. (John 3:16)
