

WV Creation Conference 2009 Speaker & Workshop Schedule

Friday, August 7th Evening Session

Each presentation is approximately 40-45 minutes. An opportunity for questions follows each presentation.

- 6:30 pm - [KCSG President Daniel Hoskins](#)
Presentation: Creation Science: What It Is & Why It's Important
Description: This presentation examines why it's important that we look at the world around us from a Biblical perspective rather than an evolutionary one. These two worldviews are contrasted. This presentation also briefly describes some of the work of Christians who contributed to the foundations of modern science.
- 7:45 pm - Intermission
- 8:00 pm - [Karl Priest](#)
Presentation: Insects: Incredible & Inspirational
Description: This presentation demonstrates how the insect world declares the glory of God even in a world cursed by sin. More information is available at his website, insectman.us

Saturday, August 8th Workshop Sessions

- 8:30 am - 1st Session
 - Main Sanctuary [KCSG President Daniel Hoskins](#)
Presentation: Living Fossils
Description: The presentation showcases animals that were once only known from the fossil record but were later found alive. Living fossils are then used to demonstrate that the fossil record shows rapid burial and a catastrophic flood rather than long ages.
 - Adult Classroom [Downstairs] [Rev. Tony Breeden](#)
Presentation: Creation Cryptids: Heere Be Dragons
Description: An exploration of the topic of dragon legends and relict dinosaurs with a specific emphasis on how this might verify the Bible's implied claim that man and dinosaurs must have co-existed. Includes an overview of Cryptozoology from the Creationist POV. [ie.- "Creation Cryptozoology"]
 - Children's Workshop [Downstairs] [Karl Priest](#)
Presentation: Insects: Incredible & Inspirational
Description: As with the adult presentation, this child-oriented version demonstrates how the insect world declares the glory of God even in a world cursed by sin.
NOTE:The Insect Man's large insect collection will be available for viewing during this workshop!

Children session provided for Ages 12 and under during Evening Sessions.

More information is available at WVCreationConference.com

- 10:00 am - 2nd Session
 - Main Sanctuary [Hamilton Duncan, P.E., P.G](#)
Presentation: Genesis & Revelation: Bookends of the Bible
Description: This presentation is a good rebuttal for those who believe that Genesis doesn't matter. Genesis and Revelation can be the two of the most misunderstood books of the Bible. Comparing these books to each other brings out a deeper appreciation for God's Word and His creation.
 - Adult Classroom [Downstairs] [Rev. Robbie Parsons](#)
Presentation: 6 Reasons for 6 days
Description: Easy-to-understand evidence for a Young Earth. This workshop will help the average Christian layman easily and comfortably defend his or her faith that six days means just that – six days and not ages!
 - Children's Workshop [Downstairs] [Linda Hoskins](#)
Presentation: In The Beginning
Description: This presentation uses flannelgraph and a craft project to discuss the Creation of the world.
- 11:00 am - 3rd Session
 - Main Sanctuary [Karl Priest](#)
Presentation: Cicada Chorus
Description: This presentation focuses on God's design of the Cicada, aka the "17-Year Locust."
 - Adult Classroom [Downstairs] [Linda Hoskins](#)
Presentation: Creation & Evolution: Who Cares?
Description: This presentation illustrates the importance of laying a solid, Bible-based foundation for our children and why the Creation/Evolution issue cannot be ignored.
 - Children's Workshop [Downstairs] [Rev. Tony Breeden](#)
Presentation: Noah's Ark: Beyond Flannelgraph
Description: This workshop helps kids understand the dynamics of the worldwide Flood and answers questions about Noah's Ark [as described in the Bible], including information on dinosaurs. Includes hands-on demonstrations.

Saturday, August 8th Evening Session

- 6:30 pm - [Rev. Robbie Parsons](#)
Presentation: Biblical Evidence for a Worldwide Flood
Description: This presentation builds the case that the Noachim Flood of the Bible could not have been a local event, but a worldwide catastrophe. Topics discussed include logical and geological evidence.
- 7:45 pm - Intermission
- 8:00 pm - [Hamilton Duncan, P.E., P.G](#)
Presentation: Vulcanism, the Fountains of the Great Deep & 40 Days of Rain
Description: This presentation provides evidence for the theory that bolides [meteorites] provided a catalyst for the the mechanisms behind the worldwide Flood. Includes original research.
